A *petal* SERIES PROJECT

3 BHK SMART RESIDENCES
D-243, DEVI MARG, BANI PARK
JAIPUR

We want to live at a premium location that has access to unlimited amenities like parks, gyms, market etc., but don't want to be burdened by over loaded facilities which we may not use. While buying an apartment in a complex with end no. of facilities we end up paying a much higher cost price and also higher costs of maintenance of living in such a project during the lifetime of the project.

Concept of petals is designed to address the needs of people who do not wish to compromise on quality of living but also not burden themselves with the tantrums that come in the package of living in an overloaded project in a big society.

About the Petal Series Project -
Trimurty Petal Series Homes are luxurious apartments with various high-quality specifications in the heart of Jaipur City-

- Compact Boutique Apartments
- Designed on Green Building Principles
- Old age, Child and Specially-abled Friendly
- Automated Security and Access Controls
- Solar Power of ____ watts only
- Gym and Community Gathering Spaces
- Limited Apartments
- Electric Charging points in parking
- Video Door Phone
- Intercom
- Semi-Permanent Exterior Finishes
- Multipurpose Hall
- Panic alarm in Lifts

Hand crafted
homes

*made of art, heart & nature.
Homes fit for real life.*

Large scale housing is often void of character. Keeping it in mind, presenting **crimson**, a **petal series project**, hallmark by Trimurty experience.

Improving Life Efficiency & Urban Bio-Diversity by *Trimurty*

Trimurty, of late, has been receiving accolades at national level platforms. It is all because of the initiatives and adherence to ecologically-sensitive work ethos. It has acknowledged a new force to an improved quality of life by going beyond the generic applications of green plants and landscaping.

We have been encouraging residents to adopt Nest Boxes within their premises. Birds are indicators of urban life. Gifting Nest Boxes and Feed Boxes has become our conservation-cult.

Lend a hand to create a better environment. You are welcome to pick up a Nest Box from our office and fix it at home to improve quality of life. We shall love to have more participating citizens in this drive to make Jaipur the best environmental friendly urban scape.

Another focus we dwell on is the selection of trees, shrubs, and bush species. They need to be home-grown or native, so as not to utilize excessive water and provide optimum benefits. Numerous consequential benefits are received by residents when such aspects are adapted.

"Trimurty's urban bio-diversity conservation initiative in Jaipur is a new benefit to home owners."

Renowned for its commitment to quality construction, exceptional architectural design, and the incorporation of the latest materials and concepts in its projects, Trimurty Colonizers and Builders Pvt. Ltd. embarked on its inaugural venture, Trimurty Apartments, in 1995. This marked a significant milestone in the history of apartment living in Jaipur, clearly reflecting the vision of Mr. Udai Kant Mishra.

Since then, the company has evolved and expanded its presence into townships, hospitality, and education. Some of its noteworthy projects in Jaipur include Trimurty Apartments, Trimurty's Ariana, Trimurty Aurum, Trimurty's Dave Apartments, and Trimurty's Gulmohar. Additionally, the company has ventured into hospitality with Radisson Blu, Kumbhalgarh, The Fern - An Ecotel Hotel and The Wallstreet - A Business Hotel. Geeta Global School is another notable endeavor in the education sector, showcasing the diversified success of Trimurty Colonizers and Builders Pvt. Ltd.
